|------------------------------|--|
| | <ol style="list-style-type: none"> Checklist of forms required – complete the check list to confirm inclusion of all required forms for submission before the application may be processed. PICC Certification™ Study Manual – the manual is the study guide for the exam. Review all material prior to taking the 200-question certification exam. |
| Course Objective: | The Certified PICC Ultrasound Insertter (CPUI™) credentials (PICC Certification™ Program) provide the vascular access clinician validation of a higher level of knowledge and practice in the field of PICC placement. Certification is a process by which an association grants recognition to an individual who has met predetermined standards specified by that association or agency. The CPUI™ does NOT verify competency; rather, PICC Excellence™ is certifying that the candidate has met certain standards of knowledge and training specific to ultrasound guided PICCs established as a credentialing process. |
| Note: | The CPUI™ PICC Certification™ is not complete until the remote proctor has examined their recording to rule out deviators as outlined in the exam instructions, and the written portion of the Final Exam is completed with a final score of 80% or better. The Certification Administrator will mail you an official certificate and letter with a wallet card and a certificate confirming your certification as a CPUI™ Certified PICC Ultrasound Insertter. You will also receive a professional pin to wear on your uniform and be listed in the CPUI™ Registry on the website at Certified PICC Ultrasound Registry (piccexcellence.com) . |
| Req Textbook: | CPUI™ PICC Certification™ Study Guide (included with program) |
| Course Cost: | \$395.00 |
| Renewal: | Use of the CPUI™ is valid for two years from the date of issue. Your CPUI™ PICC Certification™ must be renewed every 2 years with proof of 4 hours of education and proof of 24 insertions completed over the two-year period. |
| Renewal Cost: | \$75.00 |
| Method of Evaluation: | 200 question Remote Proctored Exam that must be passed with 80% or better. |
