

Checklist for Pediatric Neonatal PICC and Ultrasound Workshop

Please turn in all documentation for immunizations and signed forms (note all required items must be turned in at ONE time TOGETHER or risk cancellation):

Nancy A League nancyrene@piccexcellence.com

Workshop Coordinator - PICC Excellence, Inc.

888 714-1951 t * 706 377-3360 o * 706 377-3359 fax * 904 327-9961 text

These items must be turned in within 14 days of registering online. Your information must be approved by Baptist Medical Center/Wolfson Children's Hospital, so that you may observe patient insertions accompanied by your instructor, Holly Hess.

Turn in the following by email, or fax to the workshop coordinator. Check that each item is included as a packet of material sent together.

Your Name _____

Date of registered workshop _____

Turn in the following (all together) by email, or fax to the workshop coordinator:

Immunizations: Negative or Vaccinated

- Documentation of two MMR vaccines or titer indicating immunity to Measles, Mumps and Rubella (MMR)
- Documentation of two Varivax vaccines or title indicating immunity to Varicella (chickenpox)
- Documentation of current flu shot (during flu season)
- Documentation of negative TB Skin test within the 12 months prior to the start date of the observation. Must remain current during observation period

Documents:

- **Student Request Form (PICC Excellence will complete this for you)**
- **Confidentiality Agreement**
- **Clinical Observation Consent Form**

When these items are submitted you will receive your **Workshop Ticket** to admit you to the class. This completed Ticket **must** accompany you to the class and be given to your instructor.
